Infant Opening and Closing Fees

Burial in Babyland (includes grave)	Burial on a full size grave (does no include grave)
Casket burial: \$300 Cremation burial: \$200	Casket burial: \$200 Cremation burial: \$100

Graveside set up includes ground covering and four covered chairs. A small 2x3 covered table is also included for cremation services.

Cremations interred together at the same time are not charged the full price for each set of cremated remains. The first set of cremated remains is charged at the full price, while the second and third sets are charged at half price. This pricing also applies when cremated remains are interred at the same time as a traditional casket burial.

A vault is required for all traditional casket burials. The funeral home handling the burial service will arrange and order the vault.

A burial vault is not required for the interment of cremated remains.

Opening and Closing fees cannot be paid to the cemetery in advance. If you are making pre-arrangements with a funeral home, they may be able to assist with this. It would be best to discuss this option directly with them.
